

/ Forever 3 Basic 400

An ally in the fight against vandalism and theft

/ GENERAL

Forever 3 Basic bicycle rack is ideal for intensive use, and suitable for bikes equipped with a bike basket. Unlike Forever 3 bicycle rack, the basic version has a completely open support structure. This vandalism-proof rack has wheel holders in which the wheel can rest without clamping. Thanks to the many secure locking points, you can feel confident that your bike is parked safely. The adjustable feet help to compensate small level differences and allow placement without anchoring. In large bike shelters, easy-to-mount poster boards can point the way. Forever 3 Basic bicycle rack is available in single- and double-sided modules and is a perfect circular product.
