/ Classic Citybike 350

Universal and budget-friendly bicycle stand, a classic!

Verhofsté
shaping open spaces

/ GENERAL

This simple but durable model has already proven its value over the years. Each module is equipped with front wheel supports in the high-low position making it easier to park the bicycle. The bicycle stand is modular and is available in a single or double-sided version. There are two different types available for this model: one for city bicycles, the other for mountain bikes. In addition, thanks to the standard shaft spacing, you can enjoy basic user comfort.
